Hey My Man,

Dating is a game pure and simple, but 95% of us (well them, I'm in that 5% bracket) out there have no idea how to play it. It's true, dating is a numbers game and **most of the fellas out there are clueless and their chances of success are slim**. Don't get me wrong, everyone gets rejected...even the most attractive, hottest, richest most charming guys hear a "no" once in a while.

But that's the game, a game of chance and...

...You Are About To Increase Your Chances Of Sweeping A Beautiful Woman Off Her Feet Ten Fold!

How do I know? Just say I use to strike out more than Reggie..

It's funny when I think back to **just a year ago**. I remember being in that 95% loser bracket (I couldn't even get a chick during spring break), no clue what so ever about what I was doing when trying to meet women. I was truly clueless, and like most of the fellas I had no idea why I was constantly getting rejected.

But instead of giving up (Mom didn't raise a quitter), I started to learn. I started reading everything and anything on the subject of dating and attracting chicks.

After spending too much money, it had to be in the thousands, on dating courses and tips and got rejected a million times over just so I can learn about what I'm doing wrong.

And after all that reading, listening to audio tapes, spending thousands of dollars and experience I have finally discovered the **true methods and techniques to being successful in the dating game!**

Give Me Just A Few Minutes Of Your Time, I Will Show You Exactly How You Too Can Have Beautiful Women Asking You For Your Number!

Like I said, dating is a numbers game and you are about to turn the odds in your favor! This can easily be accomplished by actually **knowing what women look for in a man**, what they are attracted to and carrying yourself the right way around girls.

Here is just a small taste of what you are about to discover:

✔ Why online dating is one of the **easiest ways to meet beautiful women** if you are shy and afraid of face to face rejection (more and more women are choosing the safe environment of online dating sites as a way to meet men).

✔ The absolute **most important rules of attraction**. If you don't understand this, you are never going to be successful with women, no matter what you look like or how much money you have.

✔ How to easily **get rid of your fear of approaching and meeting women!** This is something a lot of us guys have a problem with, and yet it is so easy to overcome.

✔ Why catering to her every need from the moment you meet her will **absolutely kill your chances of being anything more than her "talking friend"**.

✔ Why **compliments will not always get you past the pick up line**, and how to really get a woman's attention when approaching her.

✔ Why **what you think women want** and what you have always been told women want (even by other women) is one of the biggest reasons most men's chances of **sweeping a beautiful woman of her feet** are next to nothing.

✔ The 7 or so things **women are really looking for when they meet a man**. This is exactly what **95% of men out there are missing** when they are trying to pick up girls.

✔ The 14 essential **rules you should always follow when dating**. Follow these rules and your troubles with women are sure to disappear.
